Simpsons tapped out mod apk 2019

The Simpsons: Tapped Out - this is an interesting strategy for Android, where the main characters are the characters in the cartoon Simpsons. The game is primarily intended for the universe's fans, as most of the content is borrowed from there. Development and support of the project is engaged in the company EA, known to many in a series of games Need for Speed. In the story, protagonist Homer works at a nuclear power plant. Spending time in his favorite online game, he didn't notice how the disaster occurred. As a result, the city was deserted, and only he and his family remained. Now he has a long and hard work to restore the city from the ruins. By and large, the game consists of a large number of tasks, passes that the player will gain experience and valuable prizes. In The Simpsons: Knocking out the main tasks will be determined by Homer himself, but there are many missions from family members, as well as from neighbors, friends and distant relatives. Often these are typical indications for the construction of houses, planting trees and lawns, cleaning the area. But not without humor, as some tasks will include watching TV or playing games on the tablet. Graphics in the game quality and fully conform to the visual style of the universe of the Simpsons. Management, as in any other social strategy, is reduced to cranes and gestures. I am also pleased with the presence of complete Russian localization, which makes it possible to play comfortably for people who do not speak English. The Simpsons: Tapped Out - quality and fun social game that will appeal not only to fans of the cartoon, but also fans of interesting strategies.
